American Academy of Pediatrics-Alabama Chapter

Description :
Alabama Child Health Improvement Alliance (ACHIA) Collaboratives have a dual purpose: improve a specific content area, adolescent well child visits; and foster a culture of quality improvement (QI) to ensure that gains are sustained long after the collaborative concludes. ACHIA collaboratives emphasize the "Local" nature of improvement by connecting with local content experts, local community resources – and perhaps most importantly – by providing a platform for Alabama practices to learn from one another.
